## Hi All

Welcome to Spring! This is surely a technical term for the very average weather we have been getting! We are feeling for you guys out there in the field, getting wet, delayed jobs and the pressure on everybody all round to ensure productivity. Things have definitely been better. That's why this month we are going to shock you with pure incentive and further opportunities to increase your business! I hear you cry "Ha whatever, it's a brewery advertisement!" Yeah Right!

But no, dear customers, this month we have managed to slash, and I mean SLASH pricing on most of the Bulldog Fencing Prices! And no, it's not a temporary measure. Also the Bulldog Post pricing is now super competitive, check it out. Assembly is also now included in the panel prices for the Duke and Boss modular systems! Fantastic I hear! Don't delay, call us today for an up to date pricelist! If you need any assistance with pricing, or for that matter pricing any jobs don't hesitate to give me a call, cheers Gerard. Ph: 021 427 478.

## New Products

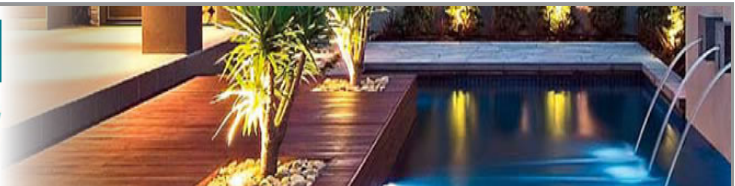

12mm Turnbuckles—excellent quality, these are forged not cast and are hot dip galvanized.

To minimize possible confusion we have renamed one of our products—you will notice this in the latest pricelist. Chief Kindi & Security panels are all rod type, unlike the Spike Security panels that have a pressed spike on. Simple isn't!
